

PRICAI2026

The 23rd Pacific Rim International
Conference on Artificial Intelligence
17-20 Nov 2026

Call for Papers

PRICAI is an annual event showcasing original and innovative AI work and its applications in areas relevant to the Pacific Rim's socioeconomic challenges. PRICAI offers a vibrant forum for academics, practitioners, and educators to promote AI and its societal impact. The 23rd Pacific Rim International Conference on Artificial Intelligence (PRICAI 2026) will be held in Guangzhou, China. PRICAI is in the list of CCF (China Computer Federation) recommended conferences (C-series, AI).

Paper Submission

Proceedings of PRICAI 2026 will be published by Springer as a volume of Lecture Notes in Artificial Intelligence (LNAI) series. Papers should be submitted electronically using the conference management tool in PDF format and formatted using the Springer LNAI template. Regular papers may be up to 16 pages in length including references. Submissions must not be published or under consideration to be published elsewhere.

Topics of Interest

The areas of interest include, but are not limited to:

- AI Foundations
- AI Regulations and Ethics
- Agents
- Applications of AI
- Bayesian Networks
- Big Data Analytics
- Bio-inspired Intelligence
- Bioinformatics
- Causality
- Cognitive Computing
- Cognitive Systems
- Constraint Satisfaction
- Data Mining and Knowledge Discovery
- Knowledge Acquisition and Ontology
- Knowledge Management
- Knowledge Representation
- Machine Learning
- Markov Networks
- Multimedia and Arts
- Multimodal Interaction
- Natural Language Processing
- Neural Networks and Deep Learning
- Large Language Models
- Planning and Scheduling
- Probabilistic Inference
- Reasoning
- Decision Theory
- Education and Tutoring Systems
- Education Systems
- Evolutionary Computation
- Explainable AI
- Foundational Models
- Game Theory
- Games and Interactive Entertainment
- Generative AI
- Heuristics
- Information Retrieval
- Internet of Things
- Responsible AI
- Robotics
- Search
- Semantic Web
- Social Choice Theory
- Social Intelligence
- Speech and Dialogue Systems
- Trustworthy AI
- Text/Web/Internet Mining
- Uncertainty
- Vision and Perception

Important Dates

Paper Submission Due:

13 June 2026

Camera-Ready Due:

22 August 2026

Acceptance Notification:

8 August 2026

Conference:

17-20 Nov 2026

Organizing Committee:

General Co-Chairs

Gang Li, Deakin University, Australia
Fenrong Liu, Tsinghua University, China

Program Co-Chairs

Yuncheng Jiang, South China Normal University, China
Aswani Kumar Cherukuri, Vellore Institute of Technology, India
Patricia Anthony, Lincoln University, New Zealand

Local Co-Chairs

Yin Chen, Lihua Cai, Jieyu Zhan, South China Normal University, China

Publication Co-Chairs

Haiyang Xia, University of Macau, China
Geng Li, Kyushu University, Japan
Guojing Zhou, Sijie Mai, South China Normal University, China

Workshop Co-Chairs

Qian Li, Curtin University, Australia
Weihua Li, Auckland University of Technology, New Zealand
Chenyong Fan, Xiaolin Xiao, South China Normal University, China

Tutorial Co-Chairs

Shiva Pokhrel, Deakin University, Australia
Shiqing Wu, City University of Macau, China
Xing Tian, Zonggan Chen, South China Normal University, China

Publicity Co-Chairs

Chen Li, Osaka University, Japan
Wenjun Ma, Chaoqun Wang, South China Normal University, China

Finance Co-Chairs

Xiaoling Zeng, Yuehua Huang, South China Normal University, China

Sponsorship Co-Chairs

Kai Zheng, Songsen Yu, South China Normal University, China
